

Jarvin Collado – Full-Stack Developer

Santo Domingo, Rep.Dom · [linkedin.com/in/jarvin-collado](https://www.linkedin.com/in/jarvin-collado) · +1 809 637 6631 · jarvinct3@gmail.com

Full-stack developer with over 2 years of solid experience as a web application developer. Specialized in React, Next.js and Node.js. Focus on performance, maintainability and agile delivery. I led complex frontend projects and contributed architecture and backend microservices.

PROFESSIONAL EXPERIENCE

Media Revolution Srl
FullStack Developer

Santo Domingo
Apr 2024 – May 2025

- Implemented a microservice to check domain availability and store data for purchases.
- Improved backend data pipelines, boosting performance and data handling by 30%.
- Pioneer in project docking and efficient memory data management.

Media Revolution Srl
FrontEnd Developer

Santo Domingo
Nov 2023 – Apr 2024

- I led the development of a ticket management platform, 100% improving the workflow and task assignment for the company.
- I developed more than 50 landing business pages increasing development efficiency by 40%.
- Enhanced performance of a crypto-betting web game by optimizing layout and code structure.
- I provided pioneering solutions such as the implementation of TailwindCSS and the use of architectures in the frontend, maintaining a clean and reusable code.
